City Newsletter: December 2015

Another Exciting Year in Hickman!

As another year comes to a close, there was no shortage of things to be excited about over the past twelve months as the City of Hickman continues to grow and move forward. So far this year the City has issued 31 Single Family Residential building permits and we have begun to see new businesses laying roots in the City as well. With all of these new faces along with the familiar ones it is a great opportunity to share in some of this past year's events which make Hickman a great place to live such as the annual Hay Day Celebration, our community wide picnic, and Trick-or-Treat on the Trail.

Over the past year, the City was able to accomplish many different projects all of which benefit the community. In Main Park, a new concession stand and restroom facility was constructed along with brand new play equipment. Lancaster County RTSD, BNSF Railway and the City have implemented new safety measures to create quiet zones for our railroad crossings. Perhaps most exciting, the Hickman Building Foundation has broken ground on the new Community Center and City Hall facility which will offer a wide variety of amenities to the community.

As we look forward into 2016 there are several projects which will continue. These projects include a complete update to our Comprehensive Plan which will help guide the City for the next twenty years of growth and development, the construction of a pedestrian and bicycle trail along Hickman Road, continued infrastructure upgrades and maintenance, soccer fields in Main Park, and the completion of the new Community Center and City Hall facility by December of 2016.

Happy Holidays!

The Mayor, City Council and employees of the City of Hickman join together to extend a Merry Christmas, Holiday Greetings and Best Wishes to the citizens of Hickman and the surrounding area!
