New Concession Stand

With the assistance of Gana Trucking & Excavating, Inc. and Willis Rap Foundations, the new Concession Stand/Restroom project in Main Park is under construction. The walls are scheduled to be poured very soon and construction will continue into the fall months. Additional assistance will be greatly appreciated as the City works to finish the project this year.

Reminder: If you have not already, please submit your Cross Connection Surveys to the City Office. The survey's are

available on the City 's website at

www.hickman.ne.gov

The Nebraska Department of Health and Human Services requires water utilities in Nebraska to have all water customers inspect their plumbing systems for potential cross connections with the public water supply and ensure these

connections are properly protected against backflow or back-siphonage. Thank you for helping the City complete this task.

Water Conservation Tips

- Check for water leaks at your house.
- Water your yard only when needed.
- If you have a sprinkler system, switch to once a day watering rather than multiple times.
- Water your yard at the coolest part of the day and do not water on windy days.
- Wash only full loads of laundry and dishes.
- Refrigerate drinking water in a pitcher instead of letting the faucet flow until water is cold enough to drink.
- Install a low flow shower head.
- Take showers instead of baths.
- Don't worry if you feel your saving is minimal. Every drop counts!
